

Kern County Board of Supervisors,
1115 Truxton Ave
Bakersfield Ca. 93301

7-24-13

Vintage Nurseries has entered into an agreement with the San Joaquin Valley Quality Cotton Growers Association to lease 25 acres for nursery grapevine production and research of new production technology and clone variety production. We look forward to a rewarding relationship with the San Joaquin Valley Quality Cotton Growers Association and its continued use of the properties and facilities for the purpose of promoting and enhancing production agriculture in Kern County.

I would also like to thank the Board of Supervisors for your vision and support of the research facility.

Garry Nelson
President and General Manager
